AIR CHARTER SERVICE:

Transkei Airways also operates a modern air charter service. Available is a nine-passenger, twin-engined BN Islander aircraft, also maintained and flown in the commercial transport category. The hire rate is extremely reasonable at 60c per kilometre, making the cost per passenger very competitive with other forms of transport.

The Islander is readily converted from passenger to freight capability and is the ideal way to get around Transkei or to travel to points outside the country at short notice. The Islander is used on: Government charter, coastal survey, feasibility studies, inspection of projects, site meetings, development work, transportation of supplies, machinery, merchandise etc.
