PASSENGER INFORMATION:

Conditions of carriage. All transportation is subject to the rules relating to liability established by the Convention of Warsaw and the Norwegian Aviation Laws prevailing from time to time.

Time tables. Departures, arrivals or connections at times stated cannot be guaranteed. (All times shown are local times.)

Reservations may be made at the DNL Ticket Office, Fr. Nansens pl. 8, Oslo-telephone 42 98 74, telegrams „Norsair“, and at all DNL offices and agencies. OVERSEAS BOOKING: Telephone 42 98 74, (Overseas dept.) - after office hours telephone 42 52 90.

Cancellation by the passenger must be effected early enough to reach the onward carrier Company - or its representative - on the RESPECTIVE POINTS OF DEPARTURE at least 48 hours before departure.

Cancellation by the company. DNL reserves the right to cancel reservations before departure, or en route any time such action is deemed advisable or necessary. In such event, passengers shall be refunded for the unused portion of the fare.

Return tickets. On the DNL international services a reduction of 10% is granted on the round trip fare. Return rebate will be granted only when outward, as well as return ticket is purchased before departure of the outward journey. Return tickets have a validity of 60 days from the date of commencement of the outward trip.

Important: Passengers holding a return ticket are requested to confirm their return reservation by calling at the DNL office or at the local air lines offices as soon as possible after arrival. This applies even when the ticket has already been confirmed at the starting point.

Circular trip (C.T.). A rebate of 10% is granted on the total circular trip fare when tickets for the total trip are bought before departure of the outward trip. This rebate will be granted on the fare even if surface transportation is used between any two points on the circle trip where no air transportation exists. **Stop-overs (Break of journey)** may be made on a through fare basis if, when making the reservation, the passenger states where the stop-overs shall be. No stop-over should last more than 15 days.

Children's fares. One child under two years of age and not occupying a seat, will be charged 10% of the published adult fare provided each such child is accompanied by a passenger paying the adult fare. Children paying 10% of the adult fare are not allowed any free baggage. The fare for children between 2 and 12 years of age, and for children under 2 years of age in excess of one accompanying a passenger paying the full adult fare or occupying a separate seat, amounts to 50% of the published adult fare. Children paying 50% fare are allowed the full adult free baggage, excess baggage to be assessed at the full adult rate.

Fares. All fares shown in this folder are for information purposes only, and are subject to correction and change without notice. The official tariffs are on file at all DNL offices.

Complimentary refreshments are served aloft.

Tips to airline personnel not allowed.

Baggage. Each passenger (with the exception of children paying 10% of the adult fare) may carry 20 kg. (44 lbs.) of baggage free of charge. (To U.S.A. and South-America 30 kgs.) Only 15 kg. of baggage free of charge on the Northern Norwegian Service. Excess baggage should be declared in advance. Price: 1% of the adult fare per Kg.

Cameras and binoculars. Government regulations forbid the use of cameras and/or binoculars inside the cabin. They should be packed in the baggage, or left in care of the Stewardess on boarding the plane.

Ground transportation is available at no extra charge in all cities served by DNL. Passengers desiring transportation to the airport, must arrive at the town terminal at the time indicated on the ticket cover. Passengers using their own transportation must report at the airport at least 30 min before scheduled dep.

Visas. Passengers must be in possession of all documents (such as valid passports and/or certificates) required by the laws of the countries from or into which they are to fly. For information, consult any DNL office or agency, or consulates of the countries concerned. DNL will not be responsible for the consequences arising from failure to comply with these requirements.

Currency. Detailed information on currency regulations between Norway and other countries will be furnished by any bank.

Hotel accommodations are rather difficult to obtain in Norway for the time being (as everywhere else in Europe.) Reservation should therefore be made well in advance.

Insurance. Insurance is available at all airline offices.

Miscellaneous. Conditions in post-war Norway are developing favourably. The food situation is good - no rationing for visitors to Norway. Tobacco is also unrationed.

ABBREVIATIONS.
