FROM WHICH CITY ARE YOU DEPARTING?

1. Your departure city is listed alphabetically on the following pages.
2. Under your departure city you will find an alphabetical listing of destinations. The service shown under your destination includes the flights from your departure city to your destination except flights making more than 5 stops.

JET CONNECTIONS...

To make it easier to determine Jet Connections a new feature has been incorporated in this timetable. After the regular listing of flights, you will find sections showing Jet Connections. For example:

FROM MILWAUKEE, WIS. (CST)

TO MIAMI, FLA. (EST)

SD 10 25 7 08 159 4 4 eng T

Connection at Chicago

L/L 10 25 3 10 159 0 4 eng T

Connection at Atlanta

D 6 00 337 1 Jet-p F Ex Sa

OTHER CONNECTIONS...

There are occasions where service via connections offers faster service than direct flights making several stops. To make connections, you must first determine the most logical connecting city. Major connecting cities are designated on the map on page 3 by the symbol Ⓢ. These connecting cities are also listed immediately beneath some departure cities. Locate the service from your departure city to the connecting city, then from your connecting city to your destination.

CONNECTING TIMES...

Normally, thirty minutes is required in most cities for connections from one flight to another. However, the actual time varies depending upon the city where the connection is being made and the flight from which you are connecting.

PLEASE REMEMBER...

Any Eastern Air Lines Office will be happy to give you the information you want, and make your reservations. The phone number of the Eastern Air Lines Reservations Office in each city is listed on pages 62-63 and also under each city heading on the following pages.
