Aircraft

Liat's BAC 1 - 11 500 "jet express" is powered by two rear mounted Rolls-Royce Spey jet engines each developing 12,550 lbs thrust and seats 100 passengers.

Liat's Hawker Siddeley AVRO 748 seats 48 passengers in air-conditioned comfort and is powered by two Rolls- Royce "jet prop" engines.

Liat's twin engine, nine passenger Britten Norman ISLANDER is designed for short takeoffs and landings and gives you an unobstructed view of the islands below.

Daytours

All the islands in the Caribbean aren't the same. There's a different world not far from where you're standing. You can be there in minutes. For a day. LIAT will fly you. We'll take you to Nevis, Grenada, Montserrat . . . to 24 islands with 24 personalities.

And we won't just set you down and leave you there. We'll give you free transportation throughout the day. A big lunch in a nice hotel. And you get back where you came from in time for dinner. If you're tired being Antiguan in Antigua, we'll fly you to French Guadeloupe.

If you're up to here in roast beef in St. Kitts, we'll let you feast on rijsttafel in St. Maarten.

And if you can't find romance in St Thomas, we'll whisk you to Martinique where they began the Beguin.

We'll fly you to Barbados for flying fish. To St. Lucia where you can drive into a volcano. To St. Vincent where you can watch wild parrots perch in spooky trees.

We'll take you to a world you didn't know existed. Even though it's only an island away. Call us.

Take a LIAT Day Tour. Check with your travel agent or LIAT for details.

Scheduled Services

Please remember - To make your onward or return reservations through our local office or agent as far in advance as possible, in order to avoid disappointment.

To leave your address and telephone number with our local office or agent as soon as you arrive at your transfer point or destination, so that we can contact you without delay.

To reconfirm your onward and return reservations. To let us know as soon as possible if you change your itinerary, so that we can cancel your unwanted reservation.

Airport Check-In - It is essential so that LIAT can maintain on time Departures, for passengers to check-in at the airport 60 minutes before scheduled flight departure.

Flights cannot be delayed for passengers arriving late and LIAT cannot accept any responsibility in such cases.

The necessity to check-in 60 minutes prior to scheduled time of departure is due to the absorption of time created by the authorities requirements for extensive documentation and clearance of departure point immigration.

LIAT regrets any inconvenience early check-in may cause.

Punctuality - While every effort is made to insure the punctuality of our services, LIAT cannot accept responsibility for the delay or suspension of a service nor guarantee that connections will be made with other air services or surface carriers.
