
SESTRI LEVANTE

By taking an Aquila service you will ensure an enjoyable beginning and end to your holiday. These roomy, 48-seat ships of the air offer a high standard of comfort and surprising freedom of movement during flight. **Furthermore, they take you direct to your holiday resort**—not to an aerodrome many miles away. That is something only the flying-boat can do.

Skilled stewards and stewardesses minister to you during flight and the captain himself visits the cabins on both decks regularly to ensure that his passengers are being well cared for. Without a doubt, whether you be a fledgling or an experienced air traveller, you will enjoy your flight with Aquila, and will look back upon it as not the least pleasurable part of your holiday.

AQUILA AIRWAYS

PASSENGER INFORMATION

RESERVATIONS Outward and homeward reservations should be made well in advance with your Travel Agent or with the Company.

CHILDREN One child under two years of age, not occupying a seat, will be carried at 10 per cent of the adult fare. Additional children under two years, and all children of two years but under twelve, are carried at half the adult fare.

BAGGAGE Free baggage allowances and rates for excess are shown under relevant time-tables. Children paying half-fare are entitled to the full free allowance; there is no free baggage for children travelling at 10 per cent fare.

MEALS ON BOARD Meals and refreshments aloft and at stopping places en route are served free at the customary times. Alcoholic drinks and cigarettes are available at duty-free prices. On the Tigullian first-class service a champagne luncheon is served during both the outward and the homeward flight.

PASSPORT REQUIREMENTS All passengers must hold valid passports. Holders of British passports do not require visas for Italy, France, or Madeira unless, in the case of Madeira, they intend to stay longer than 60 days. Passengers to Las Palmas must have Spanish visas, which can be obtained through the travel agent or Aquila Airways.

HOTELS An allotment of hotel rooms is held for Aquila passengers in Madeira. In addition, hotel reservations can be made on behalf of passengers in Las Palmas, Teneriffe, Lisbon, and all resorts covered by the Italian Riviera service. Where possible, hotel requirements should be specified when air booking is made.

GROUND TRANSPORT For outgoing services to Marseilles, Genoa and Santa Margherita, no special transport is provided to Southampton, and passengers must report direct to the Marine Airport (see "General Notes" inside this leaflet). For passengers travelling on AQ.101 to Madeira or Las Palmas, a number of first-class seats are set aside on a specified train from Waterloo (usually the 9 p.m., but this will be confirmed at the time of booking), which train is met on arrival at Southampton with free transport to the Marine Airport. Full details of transportation arrangements within Italy are given inside this leaflet.

BREAK OF JOURNEY Passengers to Madeira and Las Palmas, whether travelling on excursion or normal rate tickets, may break their homeward journey in Lisbon. Las Palmas passengers may also, if they wish, stop over in Madeira on the outward flight. It should be noted that there is a compulsory stay of three days in Madeira for passengers travelling homeward from Las Palmas. Passengers to or from Genoa on AQ.305 or 306 may break their journey in Marseilles. Accommodation for all such stop-overs is payable by the passenger.

AIRPORT SERVICE CHARGE A service charge of 5s. 0d. is payable by each passenger embarking at Southampton Marine Airport. This is collected prior to departure, and passengers are, therefore, asked to have this amount ready when reporting for flights. It does not apply to incoming passengers.

GENERAL NOTES ON SERVICES TO ITALY

Passengers from SOUTHAMPTON should report to the Marine Airport, Berth 50, Southampton Docks, not less than 50 minutes before departure time—that is, by 10.40 a.m. No special transport is provided to Southampton, but intending passengers may like to know that there is a train scheduled to leave Waterloo at 8.30 a.m. and to arrive at Southampton Central Station at 10.26. The Marine Airport is about 10 minutes by taxi from this station.

Passengers on homeward flights from Genoa or Santa Margherita, and those joining the aircraft in Marseilles to travel to either Genoa or Southampton, will be given full reporting instructions at time of booking.

To connect with flights arriving in Genoa, coach transport is available to Genoa Railway Station at a fare of 300 lire per passenger, and the same coach then proceeds to Santa Margherita and Rapallo—the fare being 850 lire to either of these destinations. Coach fares must be paid in Italian currency—passengers are therefore asked to have this amount ready on arrival in Italy if they intend to utilise this transport. Similar arrangements exist for outward flights from Genoa, and full information regarding boarding points and times for the coach will be provided when the air ticket is issued.

No special transport is arranged in connection with Santa Margherita services as there are excellent train and scheduled coach services to and from this resort. The Marine Airport Passenger Terminal is close to both the coach and the railway station; nevertheless, taxis are available if required.
