AIR AMBULANCE

The Lisle Air Ambulances are specially equipped with all the facilities of a ground ambulance.

FACILITIES

The airplanes used in the service are sufficiently roomy for an ambulance cot, the patient, and three passengers or two patients and one passenger. Trained nurses are available at the recommendation of the attending physician and oxygen is available at all times.

EQUIPMENT

Three Cessna 206's provide transportation for the ill or injured passengers that the Lisle Air Ambulance serves. These are owned and maintained by the firm for this purpose. Twin engined planes are available on request.
