DECLARATION OF THE ESTABLISHMENT OF THE AUTHORITY OF THE PEOPLE

The Libyan Arab People gathering in the general meeting of the popular congresses, the people's committees, the syndicates, the unions and the professional associations.

The General People's Congress.

Starting from the First Statement of the Revolution and the historic Zwara speech and guided by the contents of the Green Book.

Having reviewed the recommendations of the popular congresses, the Constitutional Declaration of Shawal 2, 1396H., corresponding to December 11, 1969 A.D., the resolutions and recommendations of the General People's Congress in its first session held between 4-17 Muharrem 1396 H., corresponding to 6-18 January 1976 A.D., and in its second session held during the period starting from 21 Zul Qeeda to 2 Zul Hijja 1396 H., corresponding to 12-24 November 1976 A.D.

Believing in what was heralded by the Great First of September Revolution which was triggered by the revolutionary-thinker and the teacher-leader Colonel Muammar Qadhafi, head of the Unitary Officers' Movement, crowning the struggle of the fathers and forefathers for establishing the direct democracy which they see as the final and the decisive solution to the problem of democracy.

Embodying the popular rule on the territory of the Great First of September Revolution establishing the authority of the people who alone should have the authority.

Declare their adherence to freedom and their readiness to defend it on their territory and everywhere in the world and to protect the persecuted freedom-fighters ... Declare their adherence to socialism as a means to achieve ownership for the people and their commitment to achieving the comprehensive Arab Unity ... Declare their adherence to the spiritual values to safeguard morals and human behaviour as well as they affirm the march of the Revolution, under the leadership of the revolutionary-thinker and the teacher-leader Colonel Muammar Qadhafi, towards the complete popular authority and the stabilization of the society where the people are the leader and the master in whose hands are the authority, the wealth and the arms - the society of freedom... towards finally blocking the road in the face of all sorts of traditional instruments of governing, be they individual, family, tribe, sect, class, parliament, party or group of parties. They also declare their readiness to crush, once and for all, any attempt against the authority of the people.

The Libyan Arab People, having regained, through the Revolution their control over the present and future destiny, beseeching the help of God and adhering to His Holy Book, as the everlasting source of guidance and of the law of society ... issue this declaration announcing the establishment of the authority of the people and announce to the peoples of the world the dawn of the era of the masses ...

First: The official name of Libya shall be THE SOCIALIST PEOPLE'S LIBYAN ARAB JAMAHI-RIYA. Second: The Holy Quran is the law of the Society in the Socialist People's Libyan Arab Jamahiriya.

Third: The popular direct authority is the basis of the political system in the Socialist People's Libyan Arab Jamahiriya. The authority is for the people who alone should have the authority.

The people exercise their authority through the popular congresses, the people's associations and the General People's Congress. The law defines their function.

Fourth: Defence of the homeland is the responsibility of every male and female citizen. Through the general military training the people shall be trained and armed. Law defines the method of preparing the military cadres and the general military training.
